# PREFACE.

The coins described in the following pages are the collections formed and owned by the gentlemen under whose names they appear, and while not containing any great rarities will still be found to possess many good coins, and as all are to be sold without any limit or reserve we trust collectors will embrace this opportunity to purchase.

As is our rule we guarantee genuine any and all the coins herein described, holding ourselves responsible indefinitely; a plan we find to give great satisfaction to our bidders who have no fear to buy, as they know it matters not how long a time after a sale may have elapsed, if they have any objection to make we will not take advantage of the usual escape, such as "the accounts are settled," "the ten days past," etc.

Catalogues will be neatly priced in red ink after the sale for 35 cents, payable in advance.

Bids will be faithfully executed by the other regular dealers and ourselves.

Collectors will oblige us by sending in their bids early.
